**\$7 PER STUDENT**

Includes 1 hour of playtime  
 + 30 min. STEM activity  
 Teachers and Bus Drivers are FREE  
 Parents and siblings pay group rate

- **Dino Dig (3yr+)**

Step into the shoes of a real Paleontologist! We'll discover what they do, then grab our tools and become Jr. Paleontologists as we dig up our very own fossils in a personal dino dig!

- **Melt it Down**

Chill out and play with ice in this sensory adventure! Explore different states of matter, mix colors and enjoy all the frosty fun.

- **Bath Time Baby**

Get ready to splash and play! Discover science and math as you explore cause and effect, volume, and floating with all the hands-on fun.

- **Flower Shop/Farmer's Market**

Help customers and have fun practicing math, communication, and problem-solving skills while running a Flower Shop or Farmers Market.

- **I Can Build It!**

Become a beginner builder and use your tools to build, play, and practice important skills like hand-eye coordination.

- **Dental Health Month**

Our teeth are amazing! Discover why it's so important to take care of them every day, and learn how to brush away pesky plaque like a pro.

- **Color Sorting**

Get busy matching bright objects by color. Build early math skills, strengthen coordination and learn color names -all while playing.

- **Bee the Pollinator (4yr+)**

Buzz into the world of bees! We'll learn how they pollinate and why they are so important to our world every day.

- **Build-a-Bug (4yr+)**

Explore what makes an insect an insect by building our very own creepy-crawly creature with Play-Doh.

- **Lemon Volcanoes (4yr+)**

Turn a lemon into a science experiment! Explore chemical reactions as you create your very own fizzy, bubbling volcano.

- **How Does a Garden Grow? (3yr+)**

Let's grow a garden together! Explore all its parts while we practice counting, spotting colors, and seeing how nature works its magic.
